Sponsors of the *SSA Globe* magazine help reduce the annual cost of producing and distributing important information to SSA members. As the only nonprofit magazine in the industry, all revenues generated by the *SSA Globe*, or any other SSA events or products, are recycled into programs that benefit the industry, and in particular, the SSA membership. Published *SSA Globe* advertising rates are the discounted rates for vendor members and are nonnegotiable, as all vendor members are treated equitably. The SSA offers this directory as a free service to our advertisers and readers and cannot be accountable for omissions or errors.

ISSUED: February 2009

This survey tabulates the most recent year operating results for a record breaking 2,023 self storage facilities throughout the United States and Canada. With over 97% of last year's respondents returning consecutive operating results, this year's study provides an unsurpassed opportunity of comparison and trend analysis never before seen within our industry. Our Street Rate Index alone, includes hard rate data on over 126 MILLION Rentable Square Feet of Space. Our Operating Results for Income, Expenses and Net Operating Income represent the actual results of more than 2,000 properties throughout North America.

Financial and Operational Characteristics of Self Storage Facilities
