

# DATA DEPOT

This Data Depot covers certain facility characteristics such as offering a full retail product line, facility type and the existence of an onsite resident manager. This information is from the recently published *Financial and Operational Characteristics of Self Storage Facilities* study. Order your copy today at [www.selfstorage.org](http://www.selfstorage.org). COMING SOON! SSA's new AURORA online reporting system (details on our web site this fall).

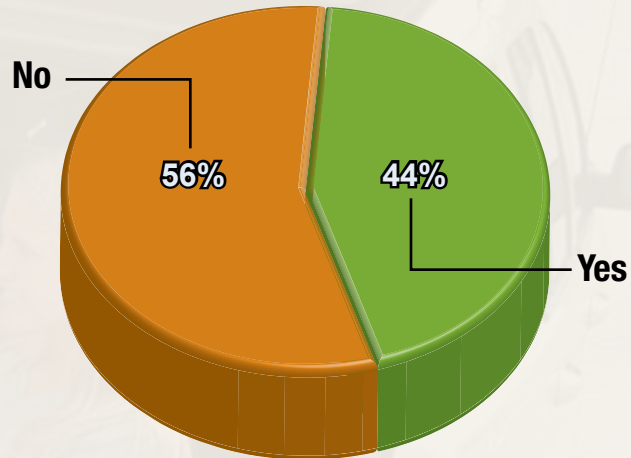

**What type of area is your facility situated in?**

**How would you describe your facility type?**

**Does your facility have an onsite resident manager?**

**Do you have a full retail product line available at your facility? (i.e. 10 or more categories of retail products)**
